**PRELIMINARY AMENDMENT**

Sir:

The following Amendment and Remarks are submitted concurrently with the filing of a Continuation patent application and in anticipation of an office action similar to the July 11, 2003, Office Action for the parent application number 10/173,383.

After this introductory section, there are Amendments to the Specification, Amendment to the Claims, and then Remarks, each starting on a separate page. The amendment to the specification adds a Cross-Reference to Related Application section which identifies the application as a Continuation. Amendments to the Claims consist of the deletion of claim 17 and amendments to claims 4, 12, and 15, which are incorporated in a complete listing of the claims.
